

REGULATIONS FOR APPLICATIONS REQUESTING PERMIT FOR TOOL SHED

SITE DRAWING

Furnish 2 copies of a plot plan drawn to scale, as close as possible, showing all existing buildings on your property with proposed tool shed, including dimensions of all buildings at the foundation, property lines, yard dimensions such as rear of dwelling to rear property line, distance from proposed tool shed to side and rear property lines and to dwelling on adjacent property.

YARD DIMENSIONS

A tool shed shall be located in a rear yard not less than 3' 0" from a side and rear property line, not less than 10' 0" from the main dwelling and not less than 25' 0" from the dwelling on adjacent property.

LAND COVERAGE

The maximum allowable coverage of your property in square feet of all building foundation area is 20% for 60 and 75 foot lots and 24% for 50 foot lots according to residential zoned districts. On lots of record, which are less than 50' 0" wide or having a depth of less than 120' 0", the total square feet of lot coverage by all buildings shall not exceed 1,440 square feet, provided all other yard regulations are complied with.

Accessory buildings (detached garage and tool shed) shall not occupy more than 20% of the rear yard area as determined by multiplying dimensions from rear of dwelling to rear property line times the full width of the lot times 20%. But in no case shall accessory buildings occupy more than 800 square feet of the rear yard area.

BUILDING ANCHORAGE

4" x 4" pressure treated wood skids are usually furnished by the supplier. They are placed on the ground following removal of all organic material and vegetation. 24" long metal pins shall anchor the wood skids at 4 corners in order to secure the tool shed in its designated place. An alternate method may be used if approved by Building Official.

ROOF DRAINAGE

Tools sheds containing more than 150 square feet in size shall require gutters and downspouts installed with a 4" diameter schedule 35 PVC pipe connected to the house storm sewer system. Most sewer connections are made at the nearest downspout at rear of dwelling if roof drainage is required.

BUILDING DRAWINGS

Manufacturer's building drawings and specifications shall be available for examination when applicant applies for building permit.

PERMIT & FEES

Building permit fee is **\$40.00**.

INSPECTIONS

An inspection shall be made when wood skids are in place and anchored and upon completion of construction work. A telephone request for inspection before 9:00am on a week day may qualify the authorized caller for inspection that same day.
