

## Residential Summer Sprinkling Program

The City of Wickliffe has authorized a program for eligible homeowners, which could reduce the costs paid for sewer charges each year during the months of May through September.

**PROGRAM:** With your water bill, you are charged sewer fees that are based on your total use of water. With the new Residential Summer Sprinkling Program, if you use more water during the summer months for sprinkling and other seasonal usage, your summer water bill will reflect sewer charges based on the amount of water you used during the winter. You may estimate your savings by comparing your summer water usage to the past winter water usage. This program applies to sewer charges only. You still must pay the Lake County Water Department for all the water used. **NOTE:** New owners of a property that have not yet established a winter sewer usage for their home will not qualify for the program until a year of residency in the home has been established.

**ELIGIBILITY:** Residents who own and occupy one, two, three or four family residences within the City of Wickliffe and use more water during the summer months for sprinkling or other seasonal uses.

**ADMINISTRATIVE FEE:** A one-time administrative fee of \$20.00 (check or money order payable to **City of Wickliffe**) must be submitted with the completed Residential Summer Sprinkling Program Application below. **Applications must be received by April 30<sup>th</sup> to qualify.**

**PLEASE NOTE:** **DO NOT REAPPLY** if you previously applied for the Summer Sprinkling Program. Once you are in the program, you are automatically renewed every year and do not need to send in another application form or registration fee. Call (440) 943-7100 if you have any questions regarding your application or previous registration.
